

March 13, 2020

Dear Academy for Business & Technology Families,

As you are aware, the Governor has issued a statement announcing state-wide closure of all K-12 school buildings for students in the state of Michigan beginning March 16 through April 5, 2020. We will also honor our spring break and will not return to school until Monday, April 13, 2020. The health and well-being of our families and community is our top-priority. We understand the concern and uncertainty you may be experiencing surrounding the Coronavirus (COVID-19) and we are committed to being responsive to the needs of our families as more information becomes available.

We are working to ensure that our students and families have the support they need. To that end, we are closely monitoring guidance from all state and federal agencies to ensure the safety of our school community.

In addition to following CDC guidance and partnering with local health departments, we have heightened our cleaning and disinfecting procedures to maintain a healthy environment for our buildings and buses. We have instructed anyone who is not feeling well to stay home out of an abundance of caution.

We will begin distributing lunches and academic packets at our pick-up/drop off bus locations beginning on Tuesday, March 17, 2020. (Schedules will be provided).

Currently, The Academy for Business & Technology teachers are preparing a variety of avenues for learning to ensure that education will occur during the closure. I would personally like to thank the teachers for their continued dedication to the students of The Academy for Business & Technology. Also, thank you parents, for your ongoing support during these stressful times. There is no doubt that our Academy for Business & Technology family will get through this together!

Sincerely,

Carmen Willingham

School Leader
